Full-Stack Web Developer | May 2022 – Present
Built and maintained full-stack web applications using modern JavaScript technologies, with a focus on responsive design, scalable backend services, and clean architecture patterns.
Developed dynamic, responsive user interfaces using React, HTML5, CSS, and Bootstrap.
Designed and implemented RESTful APIs using Node.js and Express.js, following MVC architecture principles
Worked with both relational (MySQL, Sequelize) and NoSQL (MongoDB) databases for data modeling and persistence.
Integrated frontend and backend systems to deliver full MERN stack applications.
Utilized tools such as Git, GitHub, VS Code, and Heroku for version control, collaboration, and deployment.
Tested and debugged APIs using Insomnia and implemented queries with GraphQL.
Managed cloud-hosted databases using MongoDB Atlas and MongoDB Compass.
Continuously improved code quality and application performance through iterative development and personal project work .

Adecco Staffing (Louisa, VA) (May 2024- Sept 2024)
Warehouse Worker - Worked as a seasonal employee at Mann and Hummel distribution center via Adecco Staffing. My duties included building air filters, making sure air filters were secure, and storing the air filters in place for the correct shipment.

Hire Dynamics Staffing Solutions (Lynchburg, VA) (Nov 2022-Jan 2023)
Warehouse Associate- Worked as a seasonal employee at J. Crew distribution center via Hire Dynamics Staffing solutions. Daily duties included scanning and stocking incomplete shipment orders for processing. Ensuring incomplete orders were complete by adding missing items and material handling to ensure supplies were available as needed.

Case Manager (Jan 2013 – Oct 2020) Worked as a case manager in the Richmond, Henrico, Chesterfield, and Petersburg areas of Virginia for a variety of behavioral/mental health service providers such as Omega II Therapeutic Day Treatment Services(Colonial Heights, Va), Open Arms Family Services(Colonial Heights, Va), Dominion Youth Services(Richmond, Va), and Civitas Health Services.(Henrico, Va).I counseled at-risk youth (ages 5-18 years) and families in need of emotional, behavioral, social and mental health support within the home, school, residential and community settings. My duties included conducting social skills activities, psycho-education groups, and individual/family sessions. Occasionally conducted welfare checks as needed. Other job duties consist of completing daily progress notes, individual service plans,

quarterly reports, service request authorizations and discharge summaries. I also collaborated weekly with parents/guardians and other case service providers relative to clients for care coordination. I provided transportation using company vehicle to assist client's with accessibility to treatment and community resources as needed.
